6. SEMESTER SPRING 2029	6-MONTHS		FLEXIBLE	MASTER'S THESIS**	VITZNAU

* Oral exams can be completed online with prior formal approval

** If on-site attendance in Zurich cannot be met, ETH courses that are not accessible remotely shall be compensated by completing an additional semester project.

*** Flexible start dates for semester project and master's thesis. They may also be started in parallel to the 4th and 5th semester. Externally conducted semester projects and master's theses require adequate co-supervision and prior formal approval.

Dates for exam retakes are scheduled as needed.

TBD: Dates might be subject to changes or will be published during the course of the program
